Dear Cherilyn,

It is that time of year when we have the opportunity to thank central Vermont communities for their generous support of Capstone Community Action with a town allocation. According to our records, the citizens of Moretown voted an allocation of \$400 at your last town meeting.

**Report:** We do our best to carefully track the types of services we provide to town residents each year to show how your community investment helps leverage substantial additional resources. We are currently in the process of wrapping up our fiscal year for finances and will provide you with our financial reports for your town as soon as possible. If you have sent instructions for electronic submission, an electronic copy of our report will be sent to the e-mail address you have indicated. If you have not yet requested an electronic submission but would like one, please contact me. Please let us know if you have other report formatting requirements.

**Allocation Request:** I have also included a letter with our official allocation request of \$400 for the upcoming year. We are not asking for a funding increase this year. If you would like a Community Action representative to come to a community meeting to discuss our organization and our request, we would be happy to do so. Please let me know date, time and place, and I will arrange for a representative to attend.

Many towns seem to do things just a bit differently, so thank you again for your support and for processing all of this information. Please contact me if you have any questions regarding the enclosed or require additional information.

Sincerely,

**Capstone Community Action**  
**Allocation Request**

Capstone Community Action respectfully requests a budget allocation of \$400 from the citizens of Moretown to be determined at the next Town Meeting. Our request remains the same as last year; we are not seeking an increase.

Capstone Community Action formerly known as Central Vermont Community Action Council helps Vermonters achieve economic sufficiency with dignity through individual and family development. We work to alleviate the effects of poverty, help people move out of poverty, and advocate for economic justice. Each year Community Action serves over 16,000 Vermonters, the majority of whom live in the 56 central Vermont communities that comprise our primary service area. Our staff often works with a family in their most vulnerable moment to help them find stability, hope and relief. In recent years, demand for fuel assistance, emergency food, and housing assistance have continued to grow. Hand-in-hand, we help Vermonters develop the skills to tackle problems, identify goals, find the resources and take control of their futures. We offer housing counseling, financial education, home weatherization, early childhood education, green job skills training, business counseling and more. Together, we create economic opportunities for all Vermonters.

Thank you for your continued support.
