
BULLETIN FOR CUSTOMERS OF MORETOWN LANDFILL

The Moretown Landfill and trash drop will cease to operate on March 31, 2013. This bulletin is to advise customers of alternatives in the region. If you are a hauler or municipality that currently has a contract with Moretown Landfill, contact them at (802) 244-1100 about re-routing your waste to other facilities. If you are a customer with a commercial dumpster or roll-off container account, it will be re-routed to certified facilities without you needing to take any action; contact your hauler if you have any questions.

Commercial trash haulers, and generators (such as contractors) with large loads will want to utilize a transfer station with access for larger loads and vehicles. Certified solid waste facilities in the area (within approximately 25 miles) include:

Curbside pickup of trash and recyclables can be arranged through a licensed solid waste hauler.
