

Short Description for Moretown Town Report, Winter 2016

Montpelier Senior Activity Center

Anyone 50 years of age or over is welcome to participate in programs, activities, meals and services that promote successful aging and lifelong learning. According to the National Council on Aging, older adults who participate in senior center programs can learn to manage and delay the onset of chronic disease and experience measurable improvements in their physical, social, spiritual, emotional, mental, and economic well-being. Additionally, compared with their peers, senior center participants have higher levels of health, social interaction, and life satisfaction.

45 regular weekly classes include strength training, dance, yoga and tai chi; three different foreign languages, writing and poetry; film series, painting, rughooking, clay and other arts; iPhone and Facebook. Friends old and new gather for mah johnng, bridge and cribbage. A six-station computer lab, wi-fi, Wii, printing, photocopying, and book and periodical donations library are free to members, along with an upright and electric piano. Coffee, tea and congregate meals (FEAST Together or To-Go, Tuesday and Friday) are available, and a new commercial kitchen has expanded nutritional options since 2013. Many activities are free. Other MSAC class fees are modest, and financial aid is available to all.

Off-site, members have greatly discounted access to technology classes at the middle school, swimming, tennis, and several gyms. Regular and diverse day trips are planned around New England with the aid of the Center's 12-passenger van. The Center hosts health clinics, foot and massage clinics, and a variety of sessions with representatives from community partners such as Council on Aging, Home Health and Homeshare Now. A Resource Room provides a library of information about senior services and options. Montpelier Memory Café is an enjoyable and informative monthly gathering for people with dementia and their caregivers.

In the past year, **more than 8** residents from Moretown participated regularly at MSAC, and the rate has been increasing each year. As a supporting town, Moretown members will have reduced dues and be able to register for classes earlier than members from non-supporting towns. **Additional uncounted** residents from Moretown took advantage of the many MSAC and community events, meals and services that are free and open to the public at the Center. We know there are other senior centers in Northfield and Waterbury that offer valuable and essential services and programming to your residents, and we are pleased to be able to provide more options and serve more seniors – the fastest growing demographic. We hope to work together more in the coming years to best meet the needs and interests of all.
