

Agenda
Moretown Planning Commission
Monday, August 25, 2:00 pm

Meeting will begin at the rest area on Route 2.

Members of the Planning Commission will be meeting with representatives of the National Park Service (NPS) Rivers, Trails, and Conservation Assistance Program to visit the sites of potential FEMA buyout properties. The purpose of this site visit is to evaluate the potential for these properties, if they become Town-owned parcels, to be included in the NPS trail planning being undertaken for towns along the Winooski River.
